Exhibit 1

Dr. Peter Daszak, Ph.D.
Curriculum Vitae

Dr. PETER DASZAK – Full CV and Publication list

Address	60 Viola Road
	Suffern
	NY 10901, USA
Tel	+1 845-641-0899
Email	peter.daszak@daszak.org
Social	Bluesky: @peterdaszak.bsky.social Twitter: @PeterDaszak
Nationality	Dual US and UK citizen

Education

1990-1994	Ph.D University of East London, UK, parasitology
1984-1987	B.Sc. (hons.) Bangor University, UK, zoology with applied zoology

Summary:

25+ years' experience in infectious disease and conservation research and outreach programs as a nonprofit executive, fundraiser, manager, spokesperson, field program director, and international collaborator. Member of the US National Academy of Medicine, and Editor-in-Chief of the Springer journal *EcoHealth*. Raised over $150 million for scientific research, conservation programs and international projects from major donors, corporations, foundations and Federal agencies.

Employment History

2025 – President of nonprofit Nature Health Global Inc.

- Launched 501c3 nonprofit organization *Nature.Health.Global., Inc.* conducting programs on conservation, health and sustainability.
- 6-figure grant raised from three donors at the Samuel Freeman Charitable Trust
- Funding secured for Land Trust Alliance project on Lyme disease and deforestation from New York State Dept of Environmental Conservation
- Secured 5-year contract with Springer-Nature to manage the scientific journal *EcoHealth*

2009 - 2025: President, EcoHealth Alliance Inc.

- CEO of a 501 (c) 3 organization focused on Pandemic Prevention and Conservation.
- Raising and managing operating budget of ~$10-18+ Million each year
- Setting and managing organizational strategy for science and outreach. Overseeing all aspects of management and administration.
- Global staff of 500+ full- or part-salaried science, policy, and field staff
- HQ staff of 50+, development, admin, finance, field and scientific research staff
- Working with a ~25-person Board (social entrepreneurs and leaders from financial,

pharma/consumer goods/service industries, academia, philanthropy and conservation)

2001- 2009: Executive Director, Consortium for Conservation Medicine, New York

- Directed CCM's mission in research, education, policy and conservation
- Coordinated research among 6 leading US institutions.
- Managed annual operating budget of $2.5 million, 7 core staff, 12 staff at partner institutions and 40 field staff in the USA and abroad.

1999 - 2001: Faculty Research Scientist, Dept Botany & Inst. Ecology, Univ. Georgia, Athens

- Paper in *Science* on wildlife EIDs (2000).
- Raised $185K (NSF and University of Georgia).
- Research on ecology of the amphibian chytrid pathogen, *Batrachochytrium dendrobatidis*.

1999: Guest Researcher, Centers for Disease Control and Prevention, Atlanta.

- Worked for 3 months in the Pathology Activity under Dr Sherif Zaki
- Electron microscopy of Nipah virus outbreak samples.

1993 - 1997: Faculty Research Fellow, Kingston University, UK

- Discovered chytridiomycosis as a cause of global amphibian declines (published in *PNAS*).
- Research on pathogenesis of Crohn's disease (*The Lancet*)
- Pathogenesis of poultry *Eimeria* – raised funds from Pfizer and Roche
- Funded and led 2 expeditions to Mauritius to discover new invertebrate and parasite species

1988 - 1992: Research Assistant, University of East London.

- Ph.D. on coccidiosis pathology
- Research on infectious diseases of endangered species.

Adjunct Appointments

- Senior Fellow, Center for Development Research (ZEFc), University of Bonn (2015 – 2020)
- Senior Research Fellow, UCLA Center for Tropical Research (2012 – 2018)
- Adjunct Professor, Columbia University, Ecol. Evol. Env. Biology – E3B (2001 – 2025)
- Adjunct Clinical Asst. Professor, Tufts University School of Veterinary Medicine (2001 – 2010)
- Adjunct Associate Professor, University of Georgia, Dept. of Plant Biology (1999 - 2001)
- Adjunct Scientist, Institute of Zoology, London, UK (1999 – 2005)
- Adjunct Research Scientist, Kingston University, UK (1999 – 2010)

Honors

Awards, citations, honors

2024 Recognized as a "Highly Ranked Scholar" by ScholarGPS and ranked #1 for 'Emerging Infectious Diseases'.
2018-22 Recognized each year as a Web of Science Highly Cited Researcher (top 1% of citations in Web of Science)
2018 Elected to the US National Academy of Medicine (NAM)
2018 Geoffrey Bourne Lecture, Zoo Atlanta
2015 The Robert Leader Endowed Lecture in Food Safety, Michigan State Univ.
2013 The Hsu-Li Distinguished Lectureship in Epidemiology, Univ. Iowa
2012 - Elected member of the Cosmos Club, Washington DC.
2012 Honored with the naming of a species of coccidian parasite (*Isospora daszaki*, Ball *et al.* 2012) from the greenfinch.
2010 Speaker at TEDMED 2010
2009 ISI "Most highly cited paper" citation for Jones *et al.* (2008).
2008 Presidential Lecturer, Univ. Montana
2007 NIH Director's Pioneer Award Finalist
2007 Australian Soc. Parasitol. Lectureship award.
2007 Invited panelist, debate in Australian Parliament's Great Hall
2006 Zayed Prize (2nd) to authors of "Millennium Ecosystem Assessment"
2006 "Editor's Choice" *Science* 311: 1675 for West Nile research
2002 ISI "fast-breaking paper" citation for Daszak *et al.* (2000)
2001 Honored with the naming of a species of centipede (*Cryptops daszaki*, Lewis 2001)
2000 CSIRO Silver Medal for research on emerging disease of amphibians
1999 Kingston University Prize for Outstanding Research
1999 Meritorious service award, CDC (Centers for Disease Control and Prevention)

Panel membership, service

2025- Board member, OptOut Media/Accountability Journalism Institute https://www.optout.news/about
2024 WHO R&D Blueprint: Scientific framework for epidemic and pandemic research preparedness
2023-4 NASEM Polar Research Convergence Dialogue: Pests and Pathogens in the Future Arctic
2023- Scientific Advisory Board, Global One Health Community
2022- Scientific Advisory Board, BEPREP (Horizon Europe Biodiversity & Health Program)
2022- External Advisory Board, UK Research & Innovation (UKRI), BBSRC "Tackling Infections" funding theme, Chaired by Lord Sandy Trees.
2021-2 Independent Taskforce on COVID-19 origins and future pandemic threats.
2021 NASEM Committee on public health interventions and countermeasures for advancing pandemic and seasonal influenza preparedness and response
2020-1 WHO-China Joint study to investigate the animal origins of COVID-19. International Expert
2020 NAM Climate & Health Initiative Planning Committee

2020- Versatile Emerging Inf. Disease Observatory (VEO), Erasmus Univ., Scientific Advisory Board
2020 NAM Expert Meeting on the Impact of Globalization on Future Health Crises
2020 Briefing Biden-Harris Transition OSTP Agency Review Team
2020-2 UK Research & Innovation, BBSRC, Zoonoses & One Health Advisory Group member
2020 PAHO – invited to present to Director's Scientific Advisory Group
2020 Commissioner, *The Lancet* Commission on COVID-19, Chair of Taskforce on origins & early spread of COVID-19, and One Health solutions to future pandemics.
2020-1 Swiss Re Strategic Council. Advisor, invited expert.
2020 World Wildlife Fund Taskforce on High Risk Wildlife Trade
2020- NASEM-CAS-CAMS US-China dialog group.
2020- Global Environment Facility (GEF) Taskforce in response to COVID-19
2020 IPBES Workshop on Biodiversity and Pandemics, Chair.
2020-1 IPBES Nexus Assessment Steering Committee
2020- NASEM Standing Committee on Emerging Infectious Diseases and 21st Century Health Threats
2020 WHO R&D Blueprint for action to prevent epidemics: Global research and innovation forum: towards a roadmap for the 2019 novel Coronavirus.
2020 WHO R&D Blueprint expert group on 2019-nCoV sample & reagent sharing
2020 NIAID Expert group on 2019-nCoV
2019- Founder, Board member, Secretary and Treasurer, *The Global Virome Project, Inc.*, a 501(c)3 organization incorporated to launch and direct the Global Virome Project .
2019 NASEM-Burroughs Wellcome Fund: Expert advisor and moderator, meeting on "Emerging Issues in Climate Change and Human Health", Washington DC.
2019- Future Earth, Health Knowledge Action Network, Steering Committee member
2018-23 Commissioner, *The Lancet* Commission on One Health
2018 WHO: Expert group on R&D Blueprint Public Health Emergency Disease Prioritization
2018 Testified before Blue Ribbon Study Panel on Biodefense
2018 Invited speaker: NASEM meeting on Enhancing Global Health Security through Biosecurity and Engagement Programs, hosted by NASEM Committee on International Security and Arms Control (CISAC)
2017-25 Chair, Forum on Microbial Threats, National Academies of Science, Engineering & Medicine
2017-21 Member, National Academy of Medicine One Health Action Collaborative (OHAC)
2017 US-South Korean Workshop on Wildlife Diseases
2017 Rockefeller Foundation Planetary Health Workshop.
2017 External Review Committee, CSIRO Health and Biosecurity Business Unit.
2017 NAM-Harvard Global Health Inst. Workshop on Developing Metrics to Monitor Global Health Security and Pandemic Preparedness
2017 WHO Expert Working Group - Development of Nipah vaccine target product profile
2016 White House briefing on GVP to OSTP Pandemic Prediction and Forecasting Science and Technology Working Group (PPFST WG)

2016-20 Advisory Council, Bridge Collaborative (TNC, PATH, Duke, IFPRI)
2016 WHO: Expert group on Public Health Emergency Disease Prioritization
2016-19 Co-Chair Future Earth Health KAN Development Committee
2016-22 International Advisory Group, *No More Epidemics*
2015 WHO: Expert group on characterization of emerging disease threats for R&D Blueprint.
2015 NRC: Review Committee, National Climate Assessment. *The impacts of climate change on human health in the United States: A scientific assessment.*
2015 NSF/NIH Ecology & Evolution of Infectious Diseases review panel
2014 NRC: Invited speaker, IOM Workshop: Rapid Medical Countermeasure Response to Infectious Disease.
2014- Supervisory Board, One Health Platform
2014 Member, Forum on Microbial Threats workshop planning committee on vector-borne diseases
2014 White House GHSA briefing on USAID PREDICT-2
2014-8 NRC: Member NRC Committee to advise the US Global Change Research Program (USGCRP)
2014- Future Earth: Co-Chair, Scientific Steering Committee, OneHEALTH core project
2013 Member, Forum on Microbial Threats planning committee for briefing on H7N9 influenza and MERS-CoV
2013 Member, Forum on Microbial Threats workshop planning committee on global environmental change and infectious disease dynamics
2011- Scientific Advisory Board, Center for Ecological Forecasting, Univ. Oklahoma
2011 Scientific Advisory Board, VIZIONS: Vietnam Initiative on Zoonotic Infections (Oxford Univ CRU, Ho Chi Minh City).
2011-14 Editorial Board, Control of Communicable Diseases Manual, 20th edition (CCDM-20).
2010- External Advisory Board, CEEZAD (Center of Excellence for Emerging & Zoonotic Animal Diseases) – Dept. Homeland Security, Science & Technology Center of Excellence, Kansas State Univ.
2010- Member, Forum on Microbial Threats, National Academies
2010 White House briefing (Director for Medical Preparedness & Policy on the White House National Security Staff)
2010 Consultant, Ohio State University Focus Forward.
2009-15 One Health Commission, Council of Advisors
2009 FAO-OIE-WHO: Organizing Committee, Joint Technical Consultation on Influenza and Other Emerging Zoonoses at the Human Animal Interface.
2009 NAS-IOM: Reviewer, IOM report on Infectious Disease Movements in a Borderless World
2009 NAS-IOM: Participant, workshop on H1N1, Committee on Emerging Microbial Threats.
2009 NIAID: Steering Committee, workshop on viruses from bats
2009 NIH: ZRG1 IRAP-Q Review panel ARRA Challenge grants
2009 NIAID Centers of Excellence for Influenza Research and Surveillance (CEIRS) International Training Grant review committee.

2008 NIAID: Scientific Advisory Board, UCLA Center of Excellence, avian influenza (CRISAR)
2008-9 NAS-IOM Member, Committee on "Achieving sustainable global capacity for surveillance and response to emerging diseases of zoonotic origin"
2008 Parliamentary Forum on Emerging Diseases, One Health and Biosecurity, Australia
2007 CDC: ad hoc member, ZCD1 SGI, 09PAR07-231, R36 Research Dissertation Awards
2007-10 DIVERSITAS (UNESCO/ICSU): Executive Committee member, Treasurer
2006-14 DIVERSITAS (UNESCO/ICSU): Chair, ecoHEALTH Cross-Cutting Network
2006-10 OIE (World Organization for Animal Health) ad hoc committee on amphibian diseases
2005-8 NIAID: ZRG1 IRAP-Q Ad hoc member
2005 Planning Committee ESSP Joint Project on GEC & Human Health.
2005-10 Intl. Ecohealth Assoc: Charter Board, Treasurer, Chair of Development Committee, Co-Chair of Membership Committee.
2004-7 DIVERSITAS (UNESCO/ICSU): Scientific Committee
2004-10 Australian Biosecurity CRC – International Advisory Standing Committee
2006-8 Amazon Ctr. Envl. Educ. & Research Foundation (ACEER) Scientific Advisory Board
2005 NIAID: Steering Committee, workshop on zoonotic viral emergence 2005
2004-5 NRC: Member, Committee on "National Needs for Research in Veterinary Science"
2004 NRC: Reviewer NEON report
2004 NCEAS working group: Infectious diseases in mammalian mating and social systems
2002-5 Millennium Ecosystem Assessment: Lead Author, human health
2003-4 NIH: ZRG1 IDM-G 90 Topics in Virology, *Ad hoc* member
2003-8 Wildlife Center of Virginia: Scientific Advisory Committee
2002 WHO/UNEP working grp. V: Ecosystem disruption, biodiversity & infectious diseases
2002 NAS: Testified to panel on Economic & ecological impacts of abrupt climate change
1998-9 IUCN Species Survival Commission: advised the Veterinary Specialist Group, Passerine TAG and Pacific Island Land Snail Group

Editorial Boards

2019- Editorial Board, *Biosafety and Health*, Elsevier
2019- Editorial Board, *One Health Outlook*, Springer
2017- Sr. Editor, *GeoHealth*
2015- Editorial Board, *One Health*
2014- Editorial Board, *Transactions of the Royal Society of Tropical Medicine and Hygiene*
2012 Guest Editor, *Lancet* 'Series' on zoonoses
2010- Editor-in-Chief, *EcoHealth* (founding Co-Editor 2003-10)
2006- Review Editor, *Endangered Species Research*
2004- Editorial Board, *Conservation Biology*

Reviewer for *Nature*, *Science*, *PNAS*, *NEJM*, *Lancet*, *EID* etc.

Grants reviewed regularly for *NIH*, *NSF*, *EU* and others.

Conference committees

2023-4 Organizing Committee, 8th World One Health Congress, Cape Town 2024
2018 WHO: Session Chair & Panelist, urban arbovirus meeting.
2017-8 Prince Mahidol Award Conference on Emerging Diseases (2018) Sub-theme lead.
2015 Scientific and Technical Advisory Board, 4th GRF One Health Summit, Davos, Switzerland
2015-6 International Advisory Board, 4th International One Health Congress & the 6th Biennial Congress of the IAEH, Melbourne, 2016
2014 Scientific and Technical Advisory Board, 3rd GRF One Health Summit, Davos, Switzerland
2012 International Organizing Committee & Scientific Committee, Prince Mahidol Award Conference, Thailand 2013
2012 Scientific Committee, 2nd International One Health Congress, Thailand 2013
2012 Steering Committee, EcoHealth IV, Kunming, China
2011 Organizing Committee, First International One Health Conference, Australia
2010 Steering Committee, EcoHealth III, London
2008 Chair of Scientific Committee, EcoHealth II, Merida, Mexico
2007 Co-convener, Symposium on Emerging Zoonoses, ASM, Toronto
2006 Steering Committee EcoHealth I, Madison, Wisconsin; Organizer of a plenary session, ESSP Open Science Conference, Beijing
2005 Organizing committee DIVERSITAS Open Science Conference, Oaxaca; Steering committee Carey Conference, Institute for Ecosystem Studies
2004 Executive committee, symposium committee, Soc. Conserv. Biol., NY
2003 Organizer, Henipavirus symposium, 6th Asian-Pacific Congress of Medical Virology
2002 Chair ICOPA X sub plenary session "Biodiversity and Global Change"

Plenary & invited lectures

2023 Biosafety & Health conference, Bangkok, Thailand
2023 FAO panel on lessons learned from RNA virus epidemics
2023 ASTMH Panel "Science under assault"
2023 Institut Pasteur du Cambodge, Phnom Penh, Cambodia
2023 One Health Conference, Kota Kinabalu, Sabah, Borneo
2023 Boston University School of Public Health
2023 ILRI, Hanoi, Vietnam
2023 Forestry Dept, Hanoi, Vietnam
2023 7th World One Health Congress, Singapore
2022 Bat virus meeting, Ft. Collins, Colorado
2021 University of Rochester School of Computer Sciences
2021 Australian Society for Infectious Diseases plenary
2021 Research and Innovation Forum on Coronaviruses, Beijing, China

2021 Mahatir Science Award Foundation
2021 ASTMH Arbovirus group (ACAV) symposium
2021 Univ. Wyoming Environmental Economics meeting Jackson Hole
2021 Hello World! Tech Conference
2021 Tackling Wildlife Crime symposium
2021 Meeting of Newham Council, East London, UK
2021 WCS IUCN Biodiversity Conference and One Health meeting, Berlin
2021 National Health Service (UK), Planetary Health meeting
2021 US-Japan Cooperative Medical Sciences Program
2020 Convention on Biological Diversity SBSTTA and SBI meeting
2020 9th International Symposium on Emerging Viral Diseases, Wuhan
2020 SARS-CoV-2 evolution meeting, Erasmus Univ. Netherlands
2020 PREZODE meeting
2020 BiodivERsA meeting
2020 EP ENVI meeting re. IPBES
2020 International Society for Infectious Diseases
2020 IPPP Policy Gap symposium
2020 CEPI 2.0 Disease X strategy meeting
2020 PHAA symposium
2020 Columbia University School of International & Public Affairs
2020 UNDP Briefing on emerging diseases
2020 GloPID-R COVID-19 Research Synergies Meeting
2020 WHO R&D Blueprint nCoV meeting
2020 Prince William's United for Wildlife Foundation meeting
2020 New York Academy of Sciences meeting on COVID-19
2020 Future Earth briefing on COVID-19
2020 II-VI meeting
2020 Tiger 21 meeting
2020 US Embassy in Kuala Lumpur, Malaysia, Briefing in COVID-19
2020 UNAM symposium, Mexico City
2020 Goldman Sachs Briefing
2020 Swiss RE briefing to CEO and leadership team (4 of these throughout 2020)
2019 CEPI Nipah virus symposium, Singapore
2019 NASEM Burroughs Wellcome climate change and health workshop
2019 Moderator and speaker, Stakeholder forum for IPBES nexus assessment on Health & Linkages
2019 Invited speaker, "One Planet, One Health, One Future", German Foreign Office
2019 Invited speaker, Norway-China-Russia Bio- and Circular Economy Conference 2019: Inter-governmental forum on impacts of climate change.
2019 Invited speaker, 4th International Symposium on Decision Science for Future Earth, Kyushu

University, Japan

2019 Invited symposium speaker: joint Society for Applied Microbiology (SfAM)/Federation of European Microbiology Societies (FEMS) Congress

2019 Invited speaker, 2nd Symposium of the Geneva Centre for Emerging Viral Diseases

2018 Invited speaker, World Conference on Science Literacy, Beijing, China.

2018 Keynote speaker, 3rd ASM Conference on Rapid Applied Microbial Next-Generation Sequencing and Bioinformatic Pipelines (ASMNGS18).

2018 Invited speaker, NIH-CAMS Scientific meeting on viral respiratory diseases, Beijing, China.

2018 Invited speaker, Conference on emerging infections and pandemic risk, L'Institut Pasteur, Paris.

2018 Plenary speaker, 5th International One Health Congress, Saskatoon, Canada.

2018 CSIRO Cutting Edge Symposium: Advancing Ecological Modelling for the Prediction of EID Risk, Canberra, Australia

2018 Invited speaker, WHO side meeting, Prince Mahidol Award Conference on Emerging Diseases

2017 Invited speaker, Global Vaccine Congress, Barcelona

2017 Keynote speaker, Uppsala Health Summit; Tackling Infectious Disease Threats: Prevent, Detect, Respond with a One Health Approach, Sweden.

2017 Invited speaker, Cell Symposia: Emerging and Re-emerging Viruses, Arlington, VA

2017 Plenary speaker, Consortium of Universities for Global Health meeting, Washington DC.

2016 Plenary speaker, One Health-EcoHealth Congress, Melbourne

2016 2nd annual Global Pandemic Policy Summit, Scowcroft Ctr, Texas A&M Univ.

2016 Leadership Roundtable: "Avoiding catastrophe – linking armed conflict, harm to ecosystems and public health, Concordia Univ., Montreal.

2016: UN World Humanitarian Summit: FAO/WHO/USAID/Global He@lth 2030 Innovation Task Force; Global Health Security Agenda side event, Istanbul, Turkey.

2016 Symposium at École du Val-de-Grâce, Paris

2016 Plenary, Institute of Zoology symposium, London.

2016 Duke Provost's Forum on Conservation and Health

2015 1st annual Global Pandemic Policy Summit, Scowcroft Ctr., Texas A&M Univ.

2015 Invited speaker, 6th Intl. Conf. of the Wildlife Disease Association, Australia

2014 Invited panelist, World Health Summit, Berlin

2014 Invited speaker, IOM Forum on Microbial Threat workshop on rapid medical countermeasure response to infectious disease

2014 Invited speaker, National Academies, Division of Earth & Life Studies, Spring Advisory Committee Meeting, DC

2014 Invited speaker, Consortium of Universities for Global Health Conf., Washington DC.

2013 Panel Chair & Keynote Speaker White House Office of Science & Technology Policy Workshop on Predicting the Next Pandemic.

2013 Plenary Lecture, Wildlife Disease Association Annual Meeting, Knoxville.

2012 Keynote Speaker, Emory University One Health meeting.

2011 Invited Plenary, Hendra Virus Science Congress, Brisbane Australia
2011 Invited Lecture, Sackler Colloquium of the National Academy of Sciences
2011 Plenary Lecture, OIE Global Conference on Wildlife: Health and Biodiversity
2011 Plenary Lecture, 1st Intl. One Health Congress, Australia
2010 Plenary panel chair, Zoonoses, EcoHealth III, London
2010 Invited speaker, IOM Forum on Microbial Threat workshop on fungal diseases
2014 Invited speaker, International bat conference, Colorado
2014 Invited speaker, IOM Forum on Microbial Threat workshop on H1N1
2009 Plenary panel, AMNH Spring Symposium, Biodiversity and Health
2009 Keynote speaker, 1st Welcome Trust Frontiers Meeting, Vietnam
2008 Keynote speaker, European CDC expert workshop on future infectious disease threats
2007 Invited Lecture, Fondation Merieux, Trends in Virology
2007 Invited Lecture, International Union of Biological Sciences symposium
2007 Plenary, Australian Society for Parasitology
2007 Keynote address, IMoSEB Consultation, Cape Town
2006 Invited Lecture, Keystone symposium, respiratory viruses from animals, Singapore
2006 Keynote Address, Pasteur Institute Shanghai Symposium on Disease Ecology
2003 6th Annual Lecturer in Medicine and Humanities, Texas A&M
2003 Plenary Society for Tropical and Veterinary Medicine, Brazil
2002 Invited Lecture 4th International Congress on Emerging Infectious Diseases, Atlanta
2002 Plenary ICOPA X, Vancouver
2000 Plenary, Fondation Merieux, Emerging Paramyxoviruses

Supervision

Postdocs

2014- Annually supervising 2-8 postdocs employed under USAID, NIH, NSF grants
2012-4 Nico Preston, EHA, Computer models for rapid identification of outbreaks
2012-4 Kris Murray, EHA, Landuse change and emerging diseases
2009-12 Parviez Hosseini, EHA, Models of emerging disease spread
2009-12 Kevin Olival, EHA, Bat virus ecology and evolution
2010 Tiffany Bogich, EHA, EID hotspots
2009 Kurt Vandegrift, EHA, Avian influenza ecology
2006-8 Kate Smith, Smith Fellowship SCB: Wildlife trade and global health
2003-5 Kate Jones, Columbia Earth Institute Fellow, EID hotspots
2001-2 Bryan Porter, UGA. Phylogeography of *Batrachochytrium dendrobatidis*.
2001-2 Ben Sherman. Emerging marine diseases

Graduate Students

2019- Tom Hughes (Open Univ. UK): Viral spillover in indigenous communities, Malaysia Ph.D

2023 Hongying Li (Kingston Univ. UK): Behavioral risk of zoonotic disease emergence, China Ph.D
2020 Melinda Rostal (University of Edinburgh): Rift Valley Fever Ph.D
2018 Tong Wu (Arizona State University): Urbanization, trade and disease risk in China Ph.D
2018 Elizabeth Loh (University of East Anglia, UK): Zoonotic disease risk in Brazil Ph.D
2018 Aleksei Chmura (Kingston University, UK): SARS and the wildlife trade Ph.D
2017 Carlos Zambrana-Torrelio (University of Rome): Patterns of Global Viral Diversity Ph.D
2017 Jon Epstein (Kingston University, UK): Nipah virus in Bangladesh Ph.D
2016 Katherine D. Lee (University of Wyoming): Economics of emerging diseases Ph.D
2014 Jamie Pike (University of Wyoming): Economics of emerging infectious diseases Ph.D
2012 Lisa Schloegel (Kingston University, UK): Amphibian trade and chytridiomycosis Ph.D
2010 Gitanjali Banerjee (Columbia University): Herbivore dynamics in India Ph.D
2009 Jamie Voyles (James Cook University), Australia (Examiner): chytridiomycosis. Ph.D
2008 Kevin Olival (Columbia University): Fruit bat phylogeny Ph.D (Distinction)
2008 Victoria Vazquez (University of Georgia): Amphibian diseases MS
2008 Andres Gomez (Columbia University): West Nile virus Ecology Ph.D
2007 Kerry Kriger (Griffith University, Austrlia) (Examiner): Ecology of chytridiomycosis. Ph.D
2001 Jim Riach (University of Georgia): Health & the Secoya tribe, Columbia Ph.D
2001 Celeste Leander, Botany (University of Georgia): Evolution of slime molds. Ph.D
2000 Osama B Mohammed (Kingston University, UK): *Sarcocystis* in Saudia Arabia Ph.D
2000 David Bruce (University College London, UK): *Eimeria* cell biology Ph.D
1999 Thiagarajarah Sasikaran (Kingston University, UK): Hyperlipidemia MSc
1998 Richard Day (University of London, Royal Free Hospital, UK) Inflammatory Bowel Disease MSc

Teaching

Annual course on Ecology of Emerging Diseases, Columbia University
Annual lectures on MPH courses at Columbia Sch. Public Health & NYU Sch. Medicine.
Annual lectures on Masters in Wild Animal Health, Royal Vet. College/Inst. Zool, UK
Guest lectures on BS and Masters courses across US.

Outreach

Broadcast: Science advisors to *Fortitude I & II* (Pivot TV, Participant Media), *CBS 60 Minutes (2 full segments, 2003, 2004)*, *CNN*, *CNN International*, *CNN Earth matters*, *Fox News*, *NPR's Science Friday*, *NPR's Morning Edition*, *NPR's All Things Considered*, *NPR's Weekend Edition*, *NPR's Fresh Air with Terri Gross, BBC Radio 4*, *Canadian Broadcast Company, Voice of America* and others.

Press: *Time, The Economist*, *Newsweek*, *Science*, *Nature*, *Wall Street Journal (Cover story 2002), US News and World Report*, *New York Times, Washington Post, Boston Globe*, *Congressional Quarterly Magazine*, *San Francisco Chronicle*, *Natural History*, *New Scientist, Science Daily*, *Die Woche*, *Sunday Telegraph UK*, *USA Today (Cover story 2007)*, *The Times London* and others.

FUNDING SECURED

1995-2000: Small project and travel grants **$74K**

1997-2000: Foundation and federal grants to support postdoc research

- Pfizer Inc/BBSRC (Kingston Univ, UK). Cell surface actin-myosin motor in *Eimeria* sporozoites. **$45K**
- NSF IRCEB (Univ. Georgia, USA). Host-pathogen biology and the global decline of amphibians. **$162K subcontract on $3 Million award**
- University of Georgia OVPR. Phylogeny of Amphibian Chytridiomycosis. **$22.5K**

2001-2008: Foundation and federal grants to support work at Consortium for Conservation Medicine (Wildlife Trust/EcoHealth Alliance)

Federal grants

- NIH/NSF Ecology of infectious diseases R01-TW05869 (Daszak PI) Anthropogenic Change & Emerging Zoonotic Paramyxoviruses. **$1.78 million**
- V. Kann Rasmussen Foundation: **$4.48 million**
- NIAID: Non-Biodefense EIDs: Risk of viral emergence from bats (Daszak PI). **$2,687,394**
- NIH/NSF Ecology of Infectious Diseases: Ecology, emergence and pandemic potential of Nipah virus in Bangladesh (Daszak PI) **$2.5 million**
- NIH Fogarty Supplemental: Predicting the risk of global H5N1 spread **$150K**
- NIH Fogarty Supplemental: Avian influenza data-sharing meeting **$45K**
- NSF/NIH Ecology of Infectious Diseases, West Nile Virus (Kilpatrick PI) **$2,263,188**
- NSF: IRCEB Emerging diseases of amphibians. **$75K subcontract on $3 million award.**
- NIAID: West Nile virus & anthropogenic change. **$956.3K subc. on $15 million award**
- NFWF. Disease ecology across landscape scales. **$150K**
- NSF Research Coordination Network (BestNET): **$400K**
- NSF Human and Social Dynamics: Socio-economic and Environmental Drivers of Emerging Infectious Diseases **$125K**
- NSF HSD: Human-related factors affecting emerging infectious diseases **$700K**
- UCLA: subcontract from Nathan Wolfe's Director's Pioneer Award NIH DP1-OD00370 for viral discovery in China and Malaysia - **$424**

Foundation grants >$100K

- MacArthur Foundation. Core Funding for *EcoHealth* journal. **$200K**
- Google.org: Viral discovery in Bangladesh (subcontract from CII) - **$400K**
- Rockefeller Foundation: Viral discovery in Bangladesh and India - **$350K**
- Columbia Earth Institute, Funding for Kate Jones, Columbia EI Fellow. **$100K**

- Columbia Earth Institute: Funding for Matt Bonds, Columbia EI Fellow. **$100K**

Small foundation grants up to 100K

- New York Community Trust, Columbia University Earth Institute, V. Kann Rasmussen Foundation, National Fish and Wildlife Foundation (NFWF), Wilburforce Foundation, Columbia University CERC, Eppley Foundation, Conservation Food & Health Foundation, IDRC (Canada), Eaglemere Foundation.

2009 - present: Raising annual operating budget for CCM, EcoHealth Alliance ***($8-18+ million annually)***

- Individual Donors
- Federal Agencies (NIH, NSF, USAID, DoD DTRA, CDC & others)
- Corporations (Pharma, Tech, Chemical, Consulting, Food, Ag)
- Foundations (Packard, Rockefeller, MacArthur & others)

NIH U01 EID-SEARCH (Emerging Infectious Diseases - Southeast Asia Research Collaboration Hub), part of the CREID network (**$7.5 million**) PI.

USAID EPT-PREDICT-1 (**$75 million**) Institutional lead, Exec. Board, Modeling team lead.

USAID RDMA "IDEEAL" (**$2.5 million**) Chief of Party.

USAID EPT2- PREDICT-2 (**$138 million**) Institutional lead, Exec. Board, Management Team, Modeling & Analytics team lead.

USAID EPT-One Health Workforce Next Generation (**$85 million**) Institutional lead, EHA.

USAID Conservation Works (Liberia) **$20 million**
